## Scholarship Opportunity for Technical Colleges

Thanks for helping us promote our High School Scholarship Program to students at your school. We wanted to let you know about a new resource on our website designed just for high school students in GA. We've compiled a list of all the participating career colleges that offer our High School Scholarship Program, which is worth up to \$1,000 toward tuition at these schools.

This new feature makes it simple for your students to browse their options for career training and quickly request information from those schools. And from there, they can submit their Imagine America scholarship application right away.

Since 2006, we've processed over 3,800 scholarship applications from students in GA. Let's help more students than ever pursue job training this year. Please share the link below with your students who may benefit from career college training. And of course, if you have any questions or need further information, please feel free to contact us. Thank you again for your support.
